

Entering Biology Learning Communities for Biology Majors

Since you are planning to complete a BS degree in Biology at CU Denver, the Entering Biology Learning Communities provide you with an excellent opportunity to begin your degree program while connecting with your fellow first-year students. Follow these steps to enroll in a Learning Community that includes a linked biology lecture, lab, and free University Success course:

Step 1: Review the class information for the Entering Biology Learning Community

Step 2: Enroll in the Entering Biology Learning Community for biology majors

1. Sign into [UCDAccess](#) and click on the main menu in the top right-hand corner ≡
2. Choose **Registration/Records** in the drop down, then choose **Register for Classes**
3. Select Fall 2024 CU Denver for the term and click **Continue**
4. Choose **Search by Class Number** and enter the 5-digit class number for BIOL 2010, then click **Submit Class Number**
5. Click the **Next** button to add this class to your shopping cart
6. Choose **Search by Class Number** and enter the 5-digit class number for BIOL 2011, then click **Submit Class Number**
7. Click the **Next** button to add this class to your shopping cart
8. Choose **Search by Class Number** and enter the 5-digit class number for UNIV 1110, then click **Submit Class Number**
9. Click the **Next** button to add this class to your shopping cart
10. Register for classes by selecting the classes in your Shopping Cart, clicking **Add Selected Classes** and then **Finish**

Enrolling
