

# Entering Biology Learning Communities for Biology Majors Only

Since you are planning to complete a BS degree in Biology at CU Denver, the Entering Biology Learning Communities provide you with an excellent opportunity to begin your degree program while connecting with your fellow first-year students. Follow these steps to enroll in a Learning Community that includes a linked class, lab, and free University Success course:

## Step 1: Select the Entering Biology Learning Community (LC) you want to join

## Step 2: Enroll in the Entering Biology Learning Community you selected

1. Sign into [UCDAccess](#) and click on the main menu in the top right-hand corner: ☰
2. Choose **Registration/Records** in the drop down, then choose **Register for Classes**
3. Select Fall 2023 CU Denver for the term and click **Continue**
4. Choose **Search by Class Number** and enter the 5-digit class number for BIOL 2010, then click **Submit Class Number**
5. Click the **Next** button to add this class to your shopping cart
6. Choose **Search by Class Number** and enter the 5-digit class number for BIOL 2011, then click **Submit Class Number**
7. Click the **Next** button to add this class to your shopping cart
8. Choose **Search by Class Number** and enter the 5-digit class number for UNIV 1110, then click **Submit Class Number**
9. Click the **Next** button to add this class to your shopping cart
10. Register for classes by selecting the classes in your Shopping Cart, clicking **Add Selected Classes** and then **Finish**

### Enrolling
