Enroll in General Chem 1 and Lab for CHEM & BICM Majors/Minors

Since you plan to complete your Bachelor’s Degree at CU Denver with a Chemistry or Biochemistry major or minor, General Chemistry 1 section 003 and General Chemistry Lab 1 for Majors provide you with an excellent opportunity to begin your degree program while connecting with your fellow Chemistry and Biochemistry students.

This CHEM 2031 course section 003 and the two CHEM 2039 lab sections:
- Were specifically created for Chemistry or Biochemistry students
- Are designed as a synchronized lecture/laboratory experience
- Use specialized instrumentation
- Providing development of hirable skills including scientific writing, oral communication, collaboration
- Have a smaller class of 48 students in CHEM 2031-003 as opposed to normal 100 students in CHEM 2031

TO ENROLL: First, choose which combination of class and lab you want:
