The application process for a STEM graduate program may seem intimidating and overwhelming. Join Dr. Kristine M. Sikora Assistant, Dean and Director of Recruitment and Marketing and Dr. Scott Reed, Graduate Advisor as they discuss STEM graduate program offerings and an overview of the application process. Students will have the opportunity to ask questions within a Q&A session and engage in casual conversations with the panelist.

Life After CU Denver Month offers a series of career-related seminars for undergraduate and graduate STEM students. For more information please contact Dr. Marta K. Maroń at marta.maron@ucdenver.edu.
