STEM Resources for Life After CU Denver

Location: LynxConnect- 2nd Floor- Tivoli Building

TIME: 9:30am- 10:30am
DATE: FRIDAY, MARCH 13th

The Chemistry Department welcomes Cynthia Silva from Kelly Scientific Resources to provide valuable insight into the matching process between candidates and potential employers. Additionally, Nicholas Skaklee from the Career Center and Sarah Collins from the Writing Center will discuss the resources available to STEM students to help them with the preparation of CVs/resumes, cover letters, mock interviews, and other materials and/or skills for a more successful Life After CU Denver. Students will have the opportunity to ask questions within a Q&A session, engage in casual conversations with the panelist over light snacks, as well as tour/explore LynxConnect.

"Life After CU Denver Month" offers a series of career-related seminars for undergraduate and graduate STEM students. For more information please contact Dr. Marta K. Maron at marta.maron@ucdenver.edu.
