

University of Colorado Denver Modified Grading Policy Spring and Summer 2020

CU Succeed students may request a grade change to Pass Plus (P+)/Pass (P)/No Pass (NP) for any undergraduate or graduate course taken in Spring 2020 semester.

- All CU Succeed classes offered with CU Denver are eligible for Pass Plus/Pass/No Pass grade designations for Spring 2020 semester.
- Students may request a grade change to Pass Plus/Pass/No Pass. ***The deadline is June 15 for Spring 2020***. Any grade change request must be submitted via web form by 5 p.m. on the deadline date.
- The deadline for a student to request a Withdrawal (W) has been extended to the last day of the term: June 1, 2020 for Spring Semester.
- Pass Plus (P+) is defined as a grade of C- or higher. Pass (P) is defined as a grade of D+, D, or D-. No Pass (NP) is defined as lower than D-. ***None of these options will impact GPA calculations.***
- Faculty will submit letter grades as outlined in the syllabus. The student's permanent record will show both the original letter grade and the modified P+/P/NP grade. The modified grade will appear on the transcript.
- In order to request a grade change, students must work with the CU Succeed office.
- Published prerequisites and graduation requirements remain in effect. If a student's letter grade is below the required standard to satisfy a prerequisite or graduation requirement, the grade of "P+" or "P" will remain on the transcript, but the prerequisite will not be fulfilled. However, Schools/Colleges may make exceptions to these requirements.
- Grades of "P+" or "P" in Spring 2020 will not be counted against any existing "P" credit limits.
- Students can still follow grade appeal processes, and other policies remain in force.
