<input type="checkbox"/>	URPL 5000	Planning History and Theory	3	

NOTES:

- Students must complete three core requirements and two electives, totaling 15 semester hours.
- 12 semester hours of upper-division courses are required.
- Although the three core courses may be taken in any order, it is advisable to begin with GEOG 1602, since this course familiarize students with many key concepts used in other classes.
- All undergraduate students, **except** geography majors, are eligible for this minor.
- Students must achieve a grade of C (2.0) or higher in required courses (this is a B 3.0 if interested in applying for the articulated MURP degree program)
- All upper-division courses must be completed at CU Denver and a minimum of 9 semester hours must be completed in CLAS (geography) to satisfy residency requirements.
