

Admissions Application for the Certificate in Applied Statistics
Department of Mathematical & Statistical Sciences
University of Colorado Denver

Circle the certificate program for which you are applying:

Undergraduate Certificate

Graduate Certificate

Contact information:

Name (last, first, middle): _____

Address: _____

Student ID (if you are already enrolled): _____

Phone: _____

Email: _____

If applying for the graduate certificate, Bachelor's degree:

University: _____ Year: _____

Student signature for application:

Signature: _____ Date: _____

NOTICE FOR NONDEGREE SEEKING STUDENTS

How courses taken for the Certificate can be applied to a graduate degree:

If you enter a graduate program for which you want to apply the credits earned, you may continue to count the credits earned for the Certificate toward any UC Denver graduate degree that also accepts them (for example, an M.S. in Applied Mathematics). However, before you are accepted into the graduate program, the required Certificate courses would have to be transferred to get their full credit in the graduate degree program. This transfer is limited to a total of 9 credits (3 courses).

For example, if you begin the Certificate program by taking MATH5320 and MATH 5387, and you later decide to pursue an M.S. degree, you will be able to apply these 6 credits toward both the Certificate and the M.S. degree. However, you must be accepted into the M.S. program before you can also count additional credits taken as a non-degree seeking student.

Your signature below indicates that you understand this.

Signature: _____ Date: _____

If you have *already been admitted* to the University as a **degree seeking student**, send the following to the Department of Mathematical & Statistical Sciences (address below):

- This application, completely filled out (with dated signatures).

If you have *already been admitted* to the University as a **non-degree seeking student**, send the following to the Department of Mathematical & Statistical Sciences (address below):

- This application completely filled out (with dated signatures).
- All official transcripts.

If you are **applying for admission** to the University as a non-degree seeking student, send the following to the Department of Mathematical & Statistical Sciences (address below):

- This application completely filled out (with dated signatures).
- All official transcripts.
- Submit your application for admission as a non-degree seeking student at <http://www.ucdenver.edu/admissions/non-degree>
