Fall 2017

The following listings comprise both MH and MSS required courses in addition to suggested courses. It is not comprehensive. If you wish to take a course for credit towards the MH or MSS degree which is not listed here, please consult with your program advisor.

PLEASE NOTE

• Students may register for suggested courses without pre-approval of a program advisor provided the courses are compatible with the students’ plan of study. Remember that students are required to meet with the program advisor regularly to review their plan of study.

• Students may consider any 4000/5000-level courses offered at UCD not listed here only with advisor approval.

• MH/MSS students may count only two (2) 4000-level classes toward their degree. 3000 level and lower will not be counted.

• MH/MSS students may take no more than three (3) credit hours of online coursework (typically one course) toward the degree.

• If a course is only listed at the 4000 level, it is possible to register for it as an Independent Study (HUMN/SSCI 5840) with the professor’s signature. In this situation, student and professor of the course must agree upon additional work necessary for graduate credit. Registration must be completed with a Special Processing Form obtained from the program offices or online on the CU Denver Registrar’s Web site. The course will appear on your transcript with the course title shown. All independent studies require approval of the Program Director.

• Check course search on UCDAccess to verify information on all cross listed and suggested classes.

• Some classes require pre-requisites. It is up to the student to make sure these are met.
