

Master of Humanities and Master of Social Science Program

Final Project Submission Guidelines

Submit your project neatly bound in a 1/2" "view" ring binder—one that allows a cover page to be inserted on the front and side of the binder. (If your project will not fit into a 1/2" ring binder, you may submit it in the smallest ring binder that will accommodate it.)

On the spine should be printed the following information, from top to bottom:

Student's Last Name Project Title Program Initials Graduation Date

e.g.:

Student Conflict Resolution: A Theoretical Approach MSS 2005

On the front cover of your binder, insert a page that follows this format. (Make a copy of this page to use as your cover page within the binder).
