

The Health Professions Programs Office at CU Denver along with Dr. Marisa Fernández Martínez, Director, Medical Spanish at CU Denver, are co-hosting a HRSA sponsored presentation about the Colorado Community Health Network (CCHN), Colorado Health Service Corps (CHSC), & National Health Service Corps (NHSC).

The Health Resources and Services Administration (HRSA) provides equitable health care to the nation's highest-need communities. Their programs support people with low incomes, people with HIV, pregnant people, children, parents, rural communities, transplant patients, and the health workforce.

This includes:

More than 30.5 million people in underserved communities.

More than 58 million pregnant people, infants, and children.

More than 560,000 people with HIV.

More than 1,900 rural counties and municipalities across the country.

Nearly 22,000 health care providers through loan repayment and scholarship programs.

I would like to invite you to join us on November 19, 2024 at 5:15 p.m. via zoom, to learn more about these important services, and specifically how you can access the healthcare career of your choice via mentorship programs, loan repayment programs, and scholarships.

As noted, the session will take place via zoom on Tuesday, November 19th from 5:15-6:15 p.m. If you would like to attend, please complete the following survey so that I can communicate with you as the date of the event nears:

I will send the zoom session information out to folks one day prior to the event.

We look forward to seeing you on Tuesday, November 19th!

Take care and be well.

Respectfully,

Ms. Trishia Vasquez and Dr. Marisa Fernández Martínez
