Clinical Experience

1995-2004
Independent Practice
Logan, Utah

I engaged in independent private clinical psychology practice on a limited basis.

1998-2004
Consulting Psychologist
Hillside Living Center
Logan, Utah

I provided consultation services, individual therapy, and group therapy to a group home housing 4 males diagnosed with schizophrenia.

1993-1995
Clinical/Rehabilitation Psychologist
University Hospital Spine Rehabilitation Center

University of Utah Health Sciences Center
Salt Lake City, Utah

I provided specific patient care to individuals experiencing chronic back and neck pain and also conducted a general clinical practice in behavioral medicine at a major university medical center. Other responsibilities included pre-surgical psychological evaluations, general psychological evaluations, neuropsychological screenings, and psychotherapy.

1992-1993

Senior Staff Psychologist
University of Utah Counseling Center
Salt Lake City, Utah

In this position I was responsible for individual, couples, and group therapy. I also conducted workshops, taught classes, and developed a computer system to be used in outcome research. I was a representative to the Research Consortium of University Counseling Centers and coordinated the data collection for Utah. I also supervised predoctoral psychology interns.

1991 - 1992

Senior Staff Psychologist
Ball State University Counseling Center
Muncie, Indiana

I spent 2 days per week performing both regular and emergency intake assessments along with individual and couples therapy. I also supervised and trained graduate students. Please note that this experience was in addition to my primary appointment in the Psychological Science Department.

1988 - 1989

Predoctoral Clinical Internship
Duke University Medical Center
Durham, North Carolina

Primary rotations included training in behavioral medicine, personality, sexual dysfunction and neuropsychological evaluations, cognitive-behavioral treatment of affective disorders, and long-term psychodynamic outpatient therapy. Within the behavioral medicine rotation specific experiences included working with chronic pain and cardiac rehabilitation populations as well as providing biofeedback, relaxation training and stress management to a variety of medical patients. Major rotation supervisors included: James Blumenthal, Ph.D., Francis Keefe, Ph.D., Karen Gil, Ph.D., W. Edward Craighead, Ph.D., Richard Surwit, Ph.D.
