

## Example opportunities and placements

**Research:** Students in the CHP program can be provided research opportunities in their mentor's lab and on projects led by principal investigators with outside organizations and agencies. For example, some students have had opportunities to be involved in research projects at sites such as:

- A.F. Williams Medical Center
- Anschutz Health and Wellness Center
- Addiction Research and Treatment Services, University of Colorado Medical School
- Barbara Davis Center for Diabetes
- Children's Hospital Colorado
- Colorado School of Public Health
- Department Health and Behavioral Sciences, CU Denver
- Department of Family Medicine, Anschutz Medical Center
- Eugene S. Farley Health Policy Center
- Jefferson Center for Mental Health
- Latino Research and Policy Center
- National Jewish Health
- OMNI Institute
- School of Medicine, Anschutz Medical Center (multiple units, including psycho-oncology, geriatrics, psychiatry, pediatrics, sleep medicine, neurology)
- University of Colorado Hospital

**Clinical:** In our Psychology Clinic, students provide psychological services to a diverse client base from the community, supervised by licensed clinical psychologists on the faculty in the CHP Program. All students also complete practicum placements in the community. Students also have had opportunities for in depth clinical practicum experiences at sites such as:

- A.F. Williams Family Medicine Center: integrated primary care
- Aurora Mental Health Center: integrated primary care, outpatient psychology
- Barbara Davis Center for Diabetes: chronic disease management (diabetes in children/adolescents)
- Children's Hospital Colorado: child clinical assessment and treatment, rehabilitation psychology, urology, pediatric psychology
- CREST Women's Mental Health and Wellness Clinic (Boulder, CO): women's health, postpartum depression
- Denver Health: integrated primary care
- Denver VA Medical Center: chronic pain, rehabilitation psychology
- Mental Health Center of Denver: neuropsychology, outpatient psychology
- Mental Health Partners (Boulder, CO): outpatient psychology
- National Jewish Health: chronic diseases (adults, children), neuropsychology, sleep psychology (adults, children, and families), pediatric psychology
- Presbyterian St Luke's Medical Center: bone marrow transplant, women's health, postpartum depression
- Salud Family Health Centers: integrated primary care
- Spalding Rehabilitation Hospital: chronic pain, neuropsychology
- St. Joseph Hospital: psychosocial oncology

- University of Colorado Hospital: consultation/liaison, neuropsychology, psychiatry, psychosomatic clinic, psychosocial oncology, women's health, postpartum depression

**Internship:** As with all doctoral programs in psychology, our students complete a one year predoctoral internship as a requirement for the Ph.D. Our students have been extraordinarily competitive for these internships across the country. Here are some example sites where our students have completed their APA accredited internships:

- Palo Alto VA Medical Center
- Kennedy Krieger Institute/Johns Hopkins Children's Center
- Yale University Department of Psychiatry
- Rush University Medical Center
- Harvard Medical School/Children's Hospital Boston
- University of North Carolina Chapel Hill
- University of Florida Health Sciences Center
- VA Long Beach Healthcare System
- VA Eastern Colorado Health Care System
- VA Boston Healthcare System
- Mount Washington Pediatric Hospital
- University of New Mexico Health Sciences Center
- Children's Hospital of Colorado
- VA Pittsburgh Healthcare System
- AF Williams Clinic, UC Health System
- Northern Arizona VA Healthcare System
- Henry Ford Health Sciences Center
- Denver VA Medical Center

**Postdoctoral fellowships and careers:** After graduation, our CHP alumni have been extremely competitive for postdoctoral fellowships and impactful careers. For example, alumni have earned partner, faculty, clinical research psychologist, or health psychologist appointments at different types of hospital, medical, clinical, consulting, or research settings. Here are a few examples of the types of places where our graduates have earned placements.

- University of Washington School of Medicine
- Central Western Massachusetts VA/UMass Medical School
- Barbara Davis Center for Diabetes; University of Colorado Medical Center
- Harvard Medical School/Cambridge Health Alliance
- Mayo Clinic
