

# PSYC 2111:

## Psychology as a Major & Career

Open To All Students/No  
Prerequisites/3 Credits

### HAVE YOU EVER WONDERED WHAT YOU COULD DO WITH A DEGREE IN PSYCHOLOGY?

#### Course Overview

- **Success at a college level:** Explore college resources to expand classroom experience (undergraduate research, internships, study abroad, career center, etc.),
- **Success at the major/minor level:** Introduction to the BA and BS in Psychology, how to understand empirical research, and development of psychology-related skills.
- **Exploration of careers involving psychology:** Review and meet professionals with careers after receiving a BA/BS, MA/MS/MSW, PhD/PsyD. Learn to articulate the professional skills gained as a student of psychology.
