

Free Parking for Denver Community Members

Free parking for community members unaffiliated with the University of Colorado Denver is available on campus in front of St. Elizabeth's Roman Catholic Church. If you are interested in this option, please ask our clinic assistant and she will help you arrange to park in this free lot during your session time.

Directions from Speer N:

Once on Speer going North, turn left onto Arapahoe and then left again onto Speer going South. Get into the far right lane and take the first right onto St. Francis Way. Drive up to the roundabout and veer to the right. Pull up to the booth and provide the parking attendant with your name.

Directions from Speer S:

Once on Speer going South, pass Arapahoe and turn at the first right just past the sign for the St. Francis Center. Drive up to the roundabout and veer to the right. Pull up to the booth and provide the parking attendant with your name.

After you park, you will walk north along St. Francis Way which is the street between St. Elizabeth's and the parking lot. When you get to Lawrence Plaza, you will see a building in front of you to your right with outdoor seating along. This is the North Classroom building where we are located. Enter the building and walk East toward downtown until you see the elevator on your left. Take this to the 4th floor and we are located all the way down the hallway to your left once you exit the elevator in room 4036.
